BundesBauBlatt

Clarity, reliability and credibility: the **BundesBauBlatt** is the brand for the housing industry. Under the editorship of the Federal Building Ministry, which, however, only supports us in an idealistic way, the **BundesBauBlatt** has been the must-read for all local authorities in Germany for 75 years. With this readership and our complete journalistic independence, we have achieved a truly unique selling point. The **BundesBauBlatt** also reaches all decision-makers in housing companies and associations. We regularly provide board members, managing directors and executives with important information for their day-to-day work through our magazine issues, our website and our e-paper version. We always look at events from the perspective of all stakeholders.

BundesBauBlatt Gipfel: Wir sagen nicht ab!

Es gibt ein Leben nach Corona. Deshalb halten wir am BBB Gipfel am 17. und 18. September 2020 in Berlin weiter fest.

Denn sollte es nicht zu einer zweiten Erkrankungswelle kommen, wird auch auf beruflicher Ebene der Wunsch nach persönlichem Kontakt und Gesprächen schnell wieder steigen.

Einzelne Lüftungslösung mit höchster Effizienz

Das Lüftungssystem freeAir von blüMartin kombiniert die Vorteile zentraler und dezentraler Systeme: Es kommt ganz ohne Zuluft-Leitungen und in der Regel mit nur einem Außenwand-Lüftungsgitter pro Wohneinheit aus. Das vereinfacht Planung und Installation. Das sensorgesteuerte freeAir-System punktet mit einer Wärmerückgewinnung von über 90 % und einem hohen Schalldämmwert von bis zu 60 Dezibel. 2018 wurde das System als kostengünstigste Lüftungslösung für den Wohnungsbau ausgezeichnet.
