## Leistungsstarke Wärmepumpen

Wie kaum ein anderer Wärmepumpen vereinen Wärmepumpen hohe Energieeffizienz mit umweltschonender Wärmeerzeugung, im Neubau wie auch bei der Renovierung. Die Kermi „x-change dynamic pro“ Luft/Wasser Wärmepumpen punkten dabei mit sehr guten Leistungswerten – wie beispielsweise geringem Schall, hohem COP (bis zu 4,80 bei A2/W35), der Energieeffizienzkategorie A+++ , aktiver Kühlfunktion und neuester Regelungs-technik. Ein zusätzliches Plus ist die einfache Montage dank hoher Vorkonfektionierung. So ist die Wärmepumpen-Regelung nicht nur als separate Einheit verfügbar, sondern bereits in den „pro“-Wärmepumpen installiert. Der Hersteller mit eigener Entwicklung und Produktion in Europa und einem 24/7 erreichbaren Service bietet im Produktbereich Wärmepumpen ein qualitativ hochwertiges und breites Sortiment für unterschiedlichste Anforderungen. Speziell für die höheren Heizleistungen gibt es die Kermi Kaskadenlösungen mit bis zu drei gekoppelten „x-change dynamic pro“ Luft/Wasser-Wärmepumpen. Durch die unterschiedlichen Leistungstufen der einzelnen Modelle lassen sich somit Bedarfslfälle von 6 bis 60 KW abdecken.

### Video advertorials that will convince you!

Moving images attract attention. Content and products can be presented in a more lively and emotional way, making them easier to perceive.

In contrast to classic commercials, video advertorials convey information, tips or stories that appear valuable to the viewer while subtly promoting a product, service or brand.

The focus is often on providing the audience with useful content while raising awareness of the advertised brand, without the advertising taking center stage.

Bauverlag not only has access to the target group, but also the expertise to implement an individual storyline perfectly and tailor-made for the customer in the construction industry. The Bauverlag brands also provide neutrality and credibility for your communication goals.
