SHK Profi

As a trade journal, **SHK Profi** not only provides information from the “traditional” HVAC segments, but also addresses current development trends in facility services and management. **SHK Profi** reports, for instance, on topics such as energy efficiency and regenerative energies, but also covers business aspects, such as business management for companies in the trade. The layout is geared completely to the readers and provides a fast source of information loaded with practical tips.

Data transmission: - transmission by FTP: upon request
- by e-mail (up to 10 MB):
order.management@bauverlag.de

For larger volumes of data, please contact:
Alexandra Kaleja, Phone: +49 5241 2151-5454

Data formats: Please deliver the files in the format of the advertisement as PDF/X3 or PDF/X4. We expect a PDF with embedded fonts, only CMYK elements and images in a resolution of 300 dpi. Advertisements in bleed format must be created with a 3 mm filled bleed on all edges. Any bleed marks must be placed at least 3 mm from the net format. Relevant information must be placed at least 3 mm from the page edge on all four pages. When booking the 2nd and 3rd cover page, a minimum distance of 8 mm to the band must be maintained.

Colours: The colour mode is CMYK. The colour profile is ISO Coated v2 300%. If RGB colours are used, there will be colour differences.

Data acceptance/archiving: All files sent to us must be copies, the originals should remain with you until the respective issue is published for security reasons. The documents and directories must have a unique job and page name. Avoid special characters, spaces and umlauts in your file names if possible.

Data is archived, so unchanged repetitions are usually possible. However, no data guarantee is given.

Guarantee: The client shall assume the guarantee for repro quality and correct data transmission. Deviations due to the delivery of faulty data do not constitute grounds for complaint on the part of the client. Slight deviations in tonal values are within the tolerance range of the printing process.

Branches/business sector/company types

Number of the basic system	Group of recipients (acc. to classification of business sectors)	Percentage of surveyed readers	
		%	projected (approx.)
45.33	Installation of heating, ventilation, air conditioning and health systems or plumbing, gas and water installations	84	24,477

bathroom & design

The bathroom & design special section in SHK Profi

Guiding principle

A manufacturer of exclusive products requires an exclusive presentation space!

Baths & Design as an advertising environment

- editorial content on high-quality bath & wellness facilities
- premium paper with a high-quality feel
- attractive page layout
- recommended reading for the special Bath & Design section on the **SHK Profi** front page and in the table of contents

Reserve a spot on the exclusive homepage:

- 1/1 page colour on quality paper
- with a large photo (213 x 303 mm)
- info text and contact details

price: € 3,490.00

All prices are subject to statutory VAT.

Product highlight

The special advertising form in **SHK Profi** magazin

Guiding principle

A manufacturer of exclusive products requires an exclusive presentation space!

- attention-grabbing special form of advertising
- attractive page layout
- placement in „your“ subject area

Book „your“ exclusive front page:

- 1/1 page colour
- with a large photo (upright format 213 x 303 mm)
- info text and contact details

Processing:

Please provide us with your photo and text.
 We will build up the product highlight page for you.

Price: € 3,490.00
 All prices are subject to statutory VAT.

HEIZUNGS- & ENERGIETECHNIK

Produkt- highlight

BRENNSTOFFZELLEN-TECHNOLOGIE

Die zunehmende Digitalisierung und E-Mobilität sorgt für eine immer stärkere Elektrifizierung in allen Lebens- und Arbeitsbereichen. Daher spielt die smarte Energiegewinnung auch in Privathaushalten eine immer größere Rolle. Wie lassen sich zukünftig Energie und Wärme kostengünstig und CO₂-neutral gewinnen, speichern und unabhängig von der Sonne als Hersteller klimafreundlicher Heizsysteme und Partner für erneuerbare Energien setzt hier auf die Brennstoffzellentechnologie von „SOLiDpower“: Energie und Wärme in Synthese für eine zukunftsweisende Energieerzeugung im Ein- und Zweifamilienhaus.

What is the SHK Profi cover story?

The **SHK Profi cover story** is an exclusive report on a project, which is presented in detail and featured prominently on the front cover.

In combination with a comprehensive advertising package, the **SHK Profi cover story** is an attractive communications package.

SHK Profi Cover story

- Picture on the front cover (in consultation with the editorial department, logo integration is possible)
- 1/1-page ad in the same issue
- exclusive report in the issue and on the website
- Editorial references in the newsletter
- 150 copies for your own use

Price information on page 8

SHK-Profi.de

For the target group of HVAC professionals, the internet has become a popular tool for day-to-day work. The **SHK Profi-website** complements the core competence of the print issue and provides readers with an additional and highly valuable interactive component. Like the print issue, the online presentation of SHK Profi focuses on practical information for the day-to-day work of SHK professionals. This information is provided in competent, focussed and practice-oriented form, geared to its trade readership. Together with the **SHK Profi-magazine**, the **SHK Profi-newsletter** and the **SHK Profi-website** provide a platform dedicated to the target group that provides advertisers with cross-media synergies for their campaigns.

SHK Profi-newsletter

The **SHK Profi-newsletter** informs the decision-makers in HVAC companies by e-mail with news from the sector. The latest reports and articles from the printed issue keep the decision-makers in HVAC companies up to date once a month.

 **Page impressions**

51,113 per month
 +25 % growth in the year

 **Visits**

36,479 per month

 **Unique user**

20,317 per month

 **Newsletter-contacts**

Online ad specials: additional options

Wallpaper: coloured, clickable background

30% additional charge

We will be happy to provide you with information on other online special forms of advertising. Just contact us, we will be pleased to realize your individual customer wishes.

File formats: JPG, GIF, Flash, HTML-Tag, Redirect-Tag
Weight: max. 100 kB per banner

Please also provide a medium rectangle for the online advertising options in order to guarantee optimisation for mobile devices. The kB data given for every advertising material are maximum sizes and represent the total sum of all data defined by the advertising materials (including files to be loaded later, sniffer code, images, flash, etc.).

For detailed information please see our spec sheet:
<https://bauverlag.de/downloads/spec-sheet-online.pdf>

You get a reporting about ad-impressions and ad-clicks after campaign end.

Delivery address: Please send your banner to
order.management@bauverlag.de

Delivery time: 7 working days prior to beginning of the campaign. These lead times give both of us sufficient time to test the formats and to ensure reliable delivery of the campaign. Otherwise, we can bear no costs for delays caused by late delivery to us.

Please send your materials together with the required meta information:

- booked site
- customer name
- order number
- target-URL
- booking period
- advertising format
- motif name
- contact person for inquiries

Bestes Trinkwasser dank SYR

Sicherheit und Hygiene in der Trinkwasserinstallation mit der SYR HygBox Connect

Schließungen und Home-Office Regelungen führen zu einem Wasserstillstand in vielen Gebäuden wie zum Beispiel in Schulen, Schwimmbädern, Geschäften, Kinos, Museen und Bürokomplexen. Ein reger Wasseraustausch, welcher dringend erforderlich ist, um Bakterien, Keime und Legionellen zu verhindern, fehlt völlig. Vorbeugen ist auf dem Gebiet der hygienischen Trinkwassermernzung weitaus besser als Nachhaken. Aus diesem Grund hat die SYR Hans Sasserath GmbH & Co. KG die HygBox Connect entwickelt.

Bei Stillstand oder geringem Wasseraustausch in Leitungen sowie Betriebstemperaturen zwischen 25 °C und 55 °C wird die Vermehrung gefährlicher Keime und Bakterien im Trinkwasser begünstigt. Ein Zustand, in dem sich gerade viele Einrichtungen und Büros befinden. Die Auslastung der Wasserleitungen beträgt seit Corona weniger als die Hälfte. Wasserleitungen werden nicht mehr durchspült, der komplette Austausch des Wassers fehlt in Gänze. Bei sogenannten Normalinstallationen sollte ein regelmäßiger Wasseraustausch stattfinden, spätestens aber nach sieben Tagen (DIN EN 806-5). Bei erhöhten hygienischen Anforderungen unterschiedlicher Gebäudearten ist ein regelmäßiger Wasseraustausch alle 72 Stunden (VDI/DVGW 6023, 3810-Blatt 2) verordnet. Die Anforderung der anerkannten Regeln der Technik sind vom Betreiber erforderlich und zu beachten. Mit der Spülstation HygBox Connect von SYR sind diese Normen fachgerecht einzuhalten und zu gewährleisten. Stillstände und Legionellen haben keine Chance sich in dem Leitungssystem anzusiedeln. Stillstände bedeuten im Umkehrschluss einen erheblichen Gesundheitsrisiko. Die Spülstation HygBox Connect ist eine automatische Spülstation, die die Spülwasserentnahme von Trinkwasserinstallationen und sind somit

Whitepaper

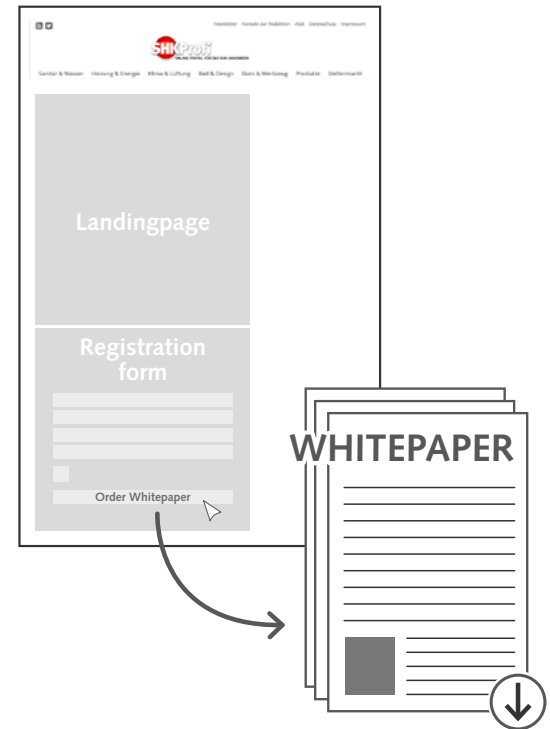

Publish your neutral, technically matured information on a topic of interest to the target group in a useful white paper on **www.shk-profi.de**. Interested users receive the white paper in exchange for their contact details.

We will provide you with the following **services** in close coordination with you:

- Landingpage incl. registration form
- Advertising teaser via our media channels website, newsletter and social media
- Delivery of leads (data protection compliant)

Duration: 8 to 12 weeks (variable, by arrangement)

Price: on request

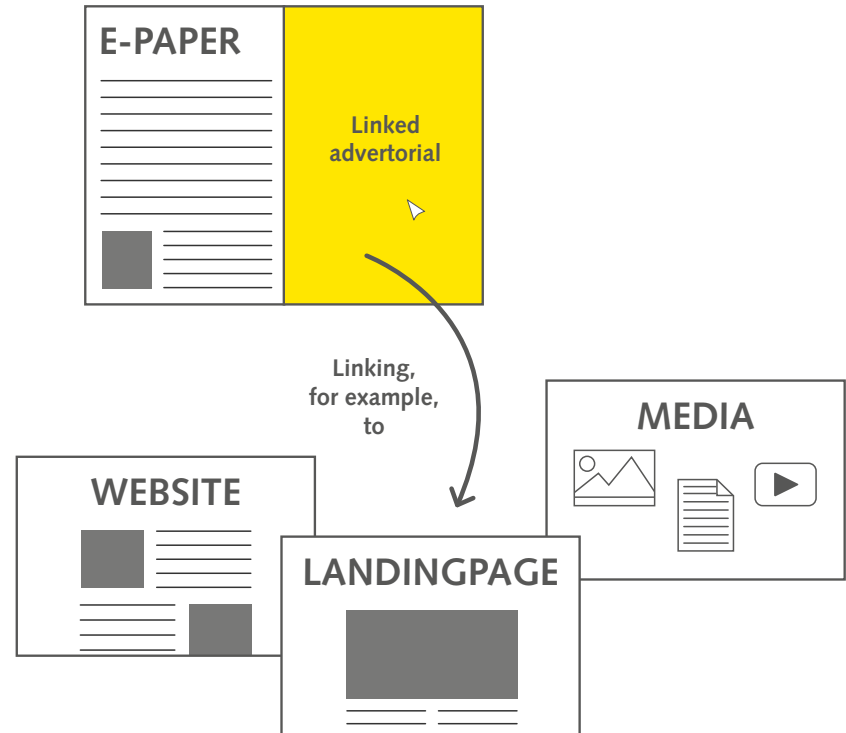

Linking in E-Paper

Increase the effectiveness of your advertising campaign by linking your advertisement in our E-Paper (epaper.shk-profi.de).

Linking ads in the E-Paper offers the following advantages:

- **Interactivity:** Readers can click directly on ads to get more information or buy products online.
- **Enhanced user experience:** Readers get direct access to relevant content or products.
- **Enhanced information content:** Ads can provide additional information or media on web pages through links.

Price: 390.00 €

Our communication package combine an appropriate set of advertising channels based upon your communication goals to ensure that you reach your entire target group.

Online branding package

Halfpage Ad on
www.SHK-Profi.de
